

1. Purpose

This short survey is designed to solicit input from model forests in the selection of themes for capacity-building workshops and a knowledge fair (poster session) to take place during the IMFN Global Forum 2008 in Canada. Please take the time to talk with your partners prior to responding so that we can be sure to address those themes of greatest importance to your model forest.

2. Capacity-building workshops

1. Several 1/2 day capacity building workshops are being planned for the IMFN Global Forum. Please rank the following proposed workshop themes according to their level of importance in your model forest (in which area would your model forest like to receive training).

	Extremely important	Of interest	Not very important	No need for a workshop at the Global Forum
Resource mobilization/Funding	jn	jn	jn	jn
Criteria and indicators	jn	jn	jn	jn
